1U Rack Blank Panel for 19in Server Racks and Cabinets

Product ID: BLANKB1

The BLANKB1 1U Rack Blank Panel for 19in Server Racks and Cabinets is designed to EIA RS-310-C specifications and fits all 19" standard server racks and cabinets.

Ideal for improving airflow within the rack by covering the unused spaces, the filler panel/blank panel is constructed of cold-rolled steel and features a black powder coated finish that matches most industry standard black server cabinets and racks.

Certifications, Reports and Compatibility

Applications

• Filling in the spaces when no other rack mounted equipment is needed

• Assist with directing air flow

Features

• PROTECT EQUIPMENT: This blanking panel helps to protect valuable rackmount server equipment by creating space between installed devices, promoting airflow and passive cooling

• STANDARD COMPATIBILITY: This panel takes up 1U of space and is compatible with 19" server racks for maximum compatibility

• EASY INSTALLATION: With only two screws required to mount this metal panel, installation is quick and easy

• BUILT TO LAST: Made with 1.2mm thick cold rolled steel, this filler panel is designed to hold up to wear and tear

while protecting your equipment

• THE IT PRO'S CHOICE: Designed and built for IT Professionals, this tool-less blank rank panel is backed for life, including free lifetime 24/5 multi-lingual technical assistance
